Juries in the Japanese Legal System

The Continuing Struggle for Citizen Participation and Democracy

Dimitri Vanoverbeke, Catholic University of Leuven, Belgium

Series: Routledge Law in Asia

Trial by jury is not a fundamental part of the Japanese legal system, but there has been a recent important move towards this with the introduction in 2009 of the lay assessor system whereby lay people sit with judges in criminal trials. This book considers the debates in Japan which surround this development. It discusses Japan's earlier experiments with jury trials, compares developing views in Japan on this issue with views in other countries, where dissatisfaction with the jury system is often evident, and concludes by assessing how the new system in Japan is working out and how it is likely to develop.
